

8-Hour Infection Control Course

Mandatory for ALL Unlicensed Dental Assistants

All unlicensed Dental Assistants must complete a Board approved 8-hour course in infection control

PRIOR TO performing any procedures involving potential exposure to blood, saliva, or other potentially infectious materials. Per SB 1453. effective 1-1-25,

This regulation has been in effect for almost one year yet many Dentists have not complied and are not legally employing their Dental Assistants.

Leslie Canham, CDA, RDA, CDIPC, CSP is a Dental Board approved provider of the 8-Hour Infection Course. She is committed to making this vital and mandatory training accessible and affordable.

OFFERING LOW COST, AFFORDABLE COURSES IN THE BAY AREA

The didactic portion of the course (4 hours) is taken online. The clinical portion of the course (4 hours) is required Live, Hands-on.

Full Version of SB 1453: https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=202320240SB1453

Let Your Members Know that this course is accessible, affordable, and mandatory. Leslie has partnered with Elevate Dental Institute, Inc. to make it easier and more convenient for unlicensed Dental Assistants and anyone who helps in clinical areas get the training they need to work legally!
